Councilmember Gloria Supports Infrastructure Bond

SAN DIEGO, CA (March 25, 2009) – San Diego City Councilmember Todd Gloria today issued the following statement supporting the \$103 million bond to address deferred maintenance.

“Improving our city’s infrastructure is a top priority for District Three. The private bond announced by Mayor Jerry Sanders yesterday is a key first step in addressing our huge backlog of deferred maintenance projects and will add jobs locally. I am grateful that progress will be made for new fire stations in Hillcrest and City Heights, the roof will be repaired at the Mid-City Police Station, facilities throughout Balboa Park will receive needed improvements and streets and storm drain systems will be strengthened.

“These funds will certainly be helpful, but we have a long journey ahead to fix what is broken. I look forward to exploring additional bond possibilities to preserve the quality of life in San Diego. I am excited that we are making progress and that Council District Three will benefit from this bond.”
